Angel Flight West

Some angels fly on wings of sheet metal. They're the volunteer pilots of Angel Flight West who donate their time, skills, and all expenses to fly people to and from far-off medical appointments.

On any given day, more than a dozen of these selfless men and women take to the skies across the 12 Western states, each carrying a passenger on their journey to health. "Our awesome pilots," says Angel Flight West (AFW) Executive Director Josh Olson, "donate all flight costs. Our passengers fly for free."

Christmas Valley's Buckley "Buck" Church is one of those awesome pilots. He joined AFW last year and eight-year-old Gage was the passenger on his first mission.

Gage lives in Baker City and has a medical condition that makes it hard for his heart to pump blood to the rest of his body. The nearest specialist is at Lucile Packard Children's Hospital in Palo Alto, an impossibly arduous 12-hour drive.

Thanks to AFW, the family doesn't have to worry about long, expensive road trips -- and not just for Gage. Three of his four siblings have the same disorder and his older sister Sierra has been flying with AFW since 2009.

"Being a Command West is very rewarding is such a wonderful tion that puts those pilots like myself. I for me as a volunteer fly.»

Winter Driving Tips

Severe weather can be both frightening and dangerous for travelers. Winter storms, bad weather and sloppy road conditions are a factor in nearly half a million crashes and more than 2,000 road deaths every winter, according to research by the AAA Foundation for Traffic Safety. Drivers should know the safety rules for dealing with winter road emergencies. AAA urges drivers to be cautious while driving in adverse weather.

AAA recommends the following tips while driving in snowy and icy conditions:
Cold Weather Driving Tips

Keep a bundle of cold-weather gear in your car, such as extra food and water, warm clothing, a flashlight, a glass scraper, blankets, medications, and more.

Make certain your tires are properly inflated and have plenty of tread.

Keep at least half a tank of fuel in your vehicle at all times.

Never warm up a vehicle in an enclosed area, such as a garage.

Do not use cruise control when driving on any slippery surface, such as on ice and snow.

Tips for Driving in the Snow

Stay home. Only go out if necessary. Even if you can drive well in bad weather, it's better to avoid taking unnecessary risks by venturing out.

Drive slowly. Always adjust your speed down to account for lower traction when driving on snow or ice.

Accelerate and decelerate slowly. Apply the gas slowly to regain traction and avoid skids. Don't try to get moving in a hurry and take time to slow down for a stoplight. Remember: It takes longer to slow down on icy roads.

Increase your following distance to five to six seconds. This increased margin of safety will provide the longer distance needed if you have to stop.

Know your brakes. Whether you have antilock brakes or not, keep the heel of your foot on the floor and use the ball of your foot to apply firm, steady pressure on the brake pedal.

Don't stop if you can avoid it. There's a big difference in the amount of inertia it takes to start moving from a full stop versus how much it takes to get moving while still rolling. If you can slow down enough to keep rolling until a traffic light changes, do it.

Don't power up hills. Applying extra gas on snow-covered roads will just make your wheels spin. Try to get a little inertia going before you reach the hill and let that inertia carry you to the top. As you reach the crest of the hill, reduce your speed and proceed downhill slowly.

Don't stop going up a hill. There's nothing worse than trying to get moving up a hill on an icy road. Get some inertia going on a flat roadway before you take on the hill.

4 eggs, separated
1/4 tsp cream of tartar
1/2 tsp salt
1/2 tsp vanilla
2 cups sugar
4 Tbsp cornstarch
1 1/2 cups water
1/2 cup lemon juice
2 Tbsp butter
1 cup heavy cream

Bake at 275° oven for 1 hour or until firm and lightly golden. Cool completely in pie plate on wire rack.

Cook stirring constantly, until mixture thickens, and boil, 3 minutes; remove from heat. Stir in butter, until melted; pour into med-size bowl; cover. Chill until completely cold.

Layer lemon filling, alternating with whipped cream, into meringue shell. Chill 5 hours or overnight before cutting.

N o r t h L a k e C o m m u n i t y F i r e w o r k s
C o m m u n i t y o f N o r t h L a k e !

How Many Fourth of July fireworks displays have you and/or your families enjoyed in Christmas Valley? Or did you think they needed improvement? Either way, we would like to present you with an opportunity to help us continue what you enjoyed, and/or to improve our performance!

The North Lake Community Fireworks team does our best to raise the funds necessary **by January 1st** to provide the entertainment that so many in the community enjoy on our nation's Independence Day, **the 4th of July**. We voluntarily participate in several fundraising events through out the year to generate the money that directly funds the order of fireworks for our display. Our waterparks, carnivals, and donation boxes have been very successful, and ALL of that money goes towards our order, but they alone are not enough to put on the display that the community has come to know and love. We depend to a great extent on charitable donations, and this year we need extra help!

Due the past years global economy, our cost to put on a show comparable to last year's has increased dramatically. **Our goal is to secure \$10,000, but whatever we have is what we use to sign a contract for our display before January 1st, 2020.** We still have quite a way to go to meet our goal this year. This is where you can help us, your community, and yourselves! It is a potential win, win, win!

The season to be giving and receiving gifts is right around the corner... and preparing for the tax season that comes immediately after this joyous time of the year! Great news! **All donations to the North Lake Community Fireworks Fund are tax deductible.** If you wish to give your whole community a gift AND have a direct impact on the coming year's fireworks display, why not help yourself with a receipt for a charitable donation to a non-profit organization? Give your donations now to take advantage of this deduction this coming tax season! And remember; **every cent you donate goes directly to buying fireworks.**

The community relies on us for the fireworks displays that remind us all of what Independence Day is all about, and we rely on the community to help us provide the funding that facilitates these displays. Our most memorable displays come from the support of those who can afford to give more monetary donations than they can afford to give their time, since none of the team or our volunteers are paid. So... you know you are getting your money's worth when you get to enjoy watching every cent of your donation go up in smoke!

Please consider making a donation to the North Lake Community Fireworks fund. Make checks payable to **North Lake Community Fireworks Fund**. Donations may be given to Patty Effingham at her office, Erica Anderson at the Water Department office, Carrie Mace or Becky Widenoja at CV Market, Lloyd Mace at Robin's Equipment, or Jim Anderson or Ben Widenoja at Point S Tires. Please ensure we have an address to send your receipt to and specify if you need it by a specific date.

We, and the community, thank you for your charity and support!

Early introduction of gambling raises the chance that kids will try other risk-taking activities, like drugs and smoking, and that they will develop a problem with gambling later in life.

'Twas the Night Before Christmas

By Clement Clarke Moore

'Twas the night before Christmas, when all through the house, Not a creature was stirring, not even a mouse; The stockings were hung by the chimney with care, In hopes that St. Nicholas soon would be there; The children were nestled all snug in their beds, While visions of sugar-plums danced in their heads; And mamma in her 'kerchief, and I in my cap, Had just settled down for a long winter's nap, When out on the lawn there arose such a clatter, I sprang from the bed to see what was the matter. Away to the window I flew like a flash, Tore open the shutters and threw up the sash. The moon on the breast of the new-fallen snow Gave the lustre of mid-day to objects below, When, what to my wondering eyes should appear, But a miniature sleigh, and eight tiny reindeer, With a little old driver, so lively and quick, I knew in a moment it must be St. Nick. More rapid than eagles his coursers they came, And he whistled, and shouted, and called them by name; "Now, DASHER! now, DANCER! now, PRANCER and VIXEN! On, COMET! on CUPID! on, DONNER and BLITZEN! To the top of the porch! to the top of the wall! Now dash away! dash away! dash away all!" As dry leaves that before the wild hurricane fly, When they meet with an obstacle, mount to the sky, So up to the house-top the coursers they flew, With the sleigh full of toys, and St. Nicholas too. And then, in a twinkling, I heard on the roof. The prancing and pawing of each little hoof. As I drew in my hand, and was turning around, Down the chimney St. Nicholas came with a bound. He was dressed all in fur, from his head to his foot, And his clothes were all tarnished with ashes and soot; A bundle of toys he had flung on his back, And he looked like a peddler just opening his pack. His eyes -- how they twinkled! his dimples how merry! His cheeks were like roses, his nose like a cherry! His droll little mouth was drawn up like a bow, And the beard of his chin was as white as the snow; The stump of a pipe he held tight in his teeth, And the smoke it encircled his head like a wreath; He had a broad face and a little round belly, That shook, when he laughed like a bowlful of jelly. He was chubby and plump, a right jolly old elf, And I laughed when I saw him, in spite of myself; A wink of his eye and a twist of his head, Soon gave me to know I had nothing to dread; He spoke not a word, but went straight to his work, And filled all the stockings; then turned with a jerk, And laying his finger aside of his nose, And giving a nod, up the chimney he rose; He sprang to his sleigh, to his team gave a whistle, And away they all flew like the down of a thistle. But I heard him exclaim, ere he drove out of sight, **HAPPY CHRISTMAS TO ALL, AND TO ALL A GOOD-NIGHT!**

DIABETES DETERRENT

There is a strong correlation between magnesium deficiency and Type 2 diabetes. Studies show high levels of dietary magnesium reduce the risk of diabetes, due to magnesium's role in the creation of insulin, low intake aggravates insulin resistance, intensifies the condition and increases complications.

Without enough magnesium, the body tightly regulates the availability of Evanescent by reducing excretion of magnesium from the kidneys and increasing absorption of the mineral into the body. Alternately, magnesium gets pulled from bones to maintain an adequate supply in blood and tissues. Chronic magnesium depletion can be caused by an increasingly poor diet, physical exertion, heavy alcohol consumption, and medications such as oral contraceptives you may have a deficiency in, check with your health care provider and request a blood test. As a nation in general, we don't consume enough magnesium rich foods, especially those of us who avoid leafy greens, seafood, avocados, whole grains, and nuts and seeds, such as pumpkin seeds, almonds or cashews.

Perhaps our most enjoyable source is dark chocolate or cocoa powder. The RDA for magnesium is over 300 milligrams for adults, those with deficiencies may find consuming more than the recommended amount can increase its healing effects. Severe deficiency can manifest as hypertension, low bone density, muscle cramping, headaches, diabetes, anxiety, or insomnia, a change in diet along with daily supplements may provide a safe, cost effective intervention.

It is important to note that the gastrointestinal system absorbs some forms of magnesium supplements better than others: Magnesium citrate, magnesium glycinate, and magnesium taurate don't tend to upset digestion and are readily absorbed.

AVOID - Magnesium oxide or magnesium carbonate - These are poorly absorbed. I have two for healthy magnesium intake:

MASSAGED KALE SALAD WITH EDAMAME

Feel free to adapt by adding a variety of nuts to increase magnesium intake.

2 TBLSP Creamy Cilantro Pepita Dressing , 2 Cups Chopped "Lacinato Kale, 1 Cup Thin Sliced Sweet Pepper, 1/3 Cubed Avocado, 1/2 Cup Edamame

Add dressing to Kale, work into leaves let sit 5 to 10 mins. Toss massaged kale with peppers and edamame and enjoy

CREAMY CILANTRO PEPITA DRESSING

This dressing derives magnesium primarily from the pumpkin seeds. It has a bright flavor and a hint of Latin flair diverted by the inclusion of fresh basil. Massage into Kale, or toss into cold sweet potato or whole grain noodles. If you don't like cilantro try parsley.

1/2 Cup raw pepitas (Shelled pumpkin seeds), 1 1/4 cup unsweetened coconut milk, 1 Tblsp miso paste, Juice from 1 lemon, 1Tsp. salt free seasoning blend, 1 medjool date pit removed finely chop, 1 Cup cilantro finely chopped, 1/4 Cup fresh basil chop, 1/4Tsp ground coriander, 1Tsp each salt & pepper.

Mix all in jar, shake vigorously pour over salad! Enjoy!
