at 2:00 p.m.

## DESERT WHISPERS

The intent of *DESERT WHISPERS* is to publish a variety of information from all aspects of life in North Lake County. We neither support nor condemn any ideas, creed, religion, custom, attitude, belief or law. Opinions expressed are not necessarily the opinions of the Christmas Valley Park & Recreation District Board members, staff, personnel or advertisers. The Christmas Valley Park & Recreation District is not responsible for errors in articles and/or ads submitted to be published without change. The Christmas Valley Park & Recreation District Board of Directors reserves the right to reject any submitted material for any reason.

*DESERT WHISPERS* welcomes letters to the Editor. Letters should be printed or written clearly. Each letter **must be signed**. *DESERT WHISPERS* reserves the right to condense long letters or to edit for content. We will avoid this whenever possible. *DESERT WHISPERS* reserves the right to judge the acceptability of a letter in regards to vulgarities, profanities, or slanderous content.

Deadlines for *DESERT WHISPERS* are at least seven (7) Days before issue dates of the 1st and 15th of each month. Please have your ad or article to the *DESERT WHISPERS* office BEFORE the published deadline. If the ad or article is NOT received by 2 pm on the deadline, it may not make it into that issue. Ads and articles can be received by mail, by e-mail, or dropped off at the office.

- The Editor

## Renting the Christmas Valley Community Hall

*Park and Rec*

The Christmas Valley Community Hall, located at 87345 Holly Lane, in Christmas Valley, is available for rent.

A refundable cleaning/damage deposit of \$50 is required for the rental of the building. The deposit will be returned if the building is left in the same (or better) condition as you found it.

At the conclusion of your event, if the heater in the main area of the hall is not turned down to 52° (as the instructions posted state), you will be billed \$9.00/hr for fuel, until the setting is corrected.

Call for availability:  
541-576-2216.

(On Aspen, behind the Post Office)  
See you there!

## Help Fill a Local Need: Volunteer Your Time

Find something in your community that suits you. This community primarily functions through volunteers. We have many new community members and this community can benefit from a little bit of your time. The many new community members tax the already over stretched, long standing volunteers that oil the works of the under supported needs of the north end communities.

If you have questions of how you can help feel free to contact me, Glenna Wade, via Facebook [glennasonly] and I can help you find an activity that suits you.

## Living with LBD

Hello, My name is Maggie Fitleand. Years ago I suffered with horrible headaches, finally I was diagnosed with Lou Bodies disease. I have been living with this now for 18 years. I would like to talk with others who suffer with the same problem. Please feel free to call me at 541-536-4440. I would love to talk with you.

Maggie

### Dr. Natasha S. Rudd, N.D., L.Ac.

Acupuncture, botanical medicine, Bowen Therapeutic Technique, Cranial Sacral Therapy, family health care, flower essence prescribing, general internal medicine, homeopathy, primary health care, personalized nutrition, shiatsu massage, stop smoking treatments, and vitality longevity evaluations.

Dr. Rudd is accepting new patients and referrals for patients seeking natural therapies. To schedule an appointment to be seen by Dr. Rudd at the North Lake Health District's Medical Complex, please call 541-385-6249.

## PUBLIC NOTICE

### Lake County Community Foundation FOR IMMEDIATE RELEASE

Contacts: Jim Walls, 541-219-1811, [jim.walls@lcri.org](mailto:jim.walls@lcri.org)  
John Effingham, 541-815-4004, [johne97641@yahoo.com](mailto:johne97641@yahoo.com)

The Lake County Community Foundation is open for grant applications that benefit Lake County. The foundation expects to award approximately \$5,000.00 in grants to one or more eligible groups in Lake County. To complete an application please go to the Lake County Community Foundation website, <http://www.lakecountycommunityfoundation.net/Page2.html>, and fill out the appropriate forms. Mail the forms to the Lake County Community Foundation, 18337 Padget Rd, Lakeview, OR 97630 by 5:00 PM, August 14, 2019.

In 2013 the OPP Shop decided to put their assets towards creating the Lake County Community Foundation (LCCF), endowing it with \$105,656.00. The LCCF board invested those funds with the Oregon Community Foundation and their assets of over \$2 billion. Since that time the LCCF has awarded \$27,000.00 in grants around Lake County and grown the assets of the LCCF to \$123,459.00. Through the OPP Shop gift they will continue doing good things for Lake County forever. For more information on creating your own endowment or giving to LCCF contact Jim or John listed above.

All burning is banned, effective  
immediately, including burn

## Christmas Vally Soup Kitchen

The Christmas Valley Soup Kitchen that operates out of the CV Community Hall will return in October. The food kitchen has Special People who volunteer their time to serve the Community with a smile and a hot meal. It's a place where people come to not only eat but to socialize with others.

Barbara Ferrando along with volunteers have been serving our community for the past 3 years and look forward to serving you again starting in October

The Soup Kitchen is now accepting donations rather it be a food Donation or Cash.

If you would like to donate to a great place doing great things. Please contact Barbara Ferrando @ 650-455-0052 or stop by the Park and Recreation office

The Friends would like to thank everyone who supported them for the July 4<sup>th</sup> backyard bazaar. We made some money and had fun. Look for us at the music festival—we'll be under the blue canopies with Barbara Ferrando who will be selling baked goods to raise money for the soup kitchen!!

Music Festival is always great fun and great music—  
**SEE YOU THERE!!!**

## "HOT" TOPIC

Some of us have really enjoyed the slow start to summer; cool nights and mild days. Other's have been anxiously awaiting typical summer weather. Which ever your preference it seems the slow start is behind us and the hot days of summer have arrived. While we may enjoy the warmer weather, the heat can present health risks if we're not careful to take precaution and pay attention.

The best precautionary thing you can do is to stay hydrated. Drinking plenty of fluids is important, but its equally important to be drinking the right fluids. Alcoholic, caffeinated and sugary drinks can be detrimental to maintaining hydration. Juice is a healthier choice and an electrolyte replacement (Gatorade or equivalent) is an even better choice, but really, the best choice is water, 6 to 8 glasses per day.

We must also be mindful of how much time we spend in the heat. It's the best time of year for yardwork and outdoor recreation and its easy to over do it. It's a good idea to do yardwork in the morning and early evening when the sun is not directly overhead. Midday is a fun time for water sports, hiking, biking and playing on motorized toys so be sure to stay hydrated and take breaks to spend time in the shade or better, in an air-conditioned space.

Heat stroke can be life threatening and if suspected immediate, professional medical intervention is needed. Heat stroke can present with symptoms of dry/hot skin, nausea/vomiting, confusion, convulsions and loss of consciousness. \*\*It's important to note that heat stroke can occur suddenly, without going through to initial symptoms of heat exhaustion. Heat stroke can be life threatening and if suspected immediate medical intervention is needed.

Dolores Patricia Gentry was born on January 24, 1935 in Lewiston, Idaho. She was the 1<sup>st</sup> child of Chester and Ula Lyons. Patty, her siblings called her, should have called her mom, because they were in her loving care, until she married Louis Gentry on October 31, 1951.

Louis and Pat had five children in Nampa, Idaho then moved to Washington and had their last daughter. They raised six children and were the best parents a child could ask for.

Patty, Pat, mom, grandma and GG were her names. She wore many hats raising all of us. Mom cooked, cleaned and slaved over all of us without complaint. She loved to read her bible, gardening, caring for animals, going camping, singing, knitting and crocheting. She canned everything and made jellies, apple butter and she wrote in calendars daily for 35 years. She lived in Christmas Valley, Oregon for over 35 years. After her loving husband Louis passed away in 2007 she stayed in Christmas Valley. Shyla at her feet and caring for her now, she didn't want to move, but with her health going south we moved her to Kennewick, where she lived until July 22, 2019; passing away on her husband's birthday.

## OBITUARIES

I believe she had a full and happy life. I picture Lou and Pat, mom and dad together once again holding hands, young and healthy running through a field of grass.

Pat is survived by her son Michael; daughters Barbra (Cary), Gayle (Mark) Miller, Marena (Larry) Laing, Lory (Jim) Franks, and Shyla Gentry; grandchildren, Aaron (Judy), Jeremy (Charity), Shawn, Christopher, Brandy, Timothy, Kara (Piotr), Kalin, Kameron (Jessica), Kasandra, Kavan (Sarah), Tiffany (Dan), Valorie, Travis, Raymond, Jimmy (Alysa) and Nathan (Erika); 39 Great Grandchildren with two on the way; 10 Great-Great Grandchildren; sister Sharon Stutzman and brother John Newson.

Pat was preceded in death by her husband Louis Dale Gentry; sons Rick Duck and Cary Gentry; grandson Daniel; granddaughter Deanna; great grandchild Peanut; parents Chester & Ula Lyons; brothers Norman, Chester and Ronald; sisters Joan and Dorothy;

A Celebration of Life was held on Saturday, July 27, 2019 – 1:00PM at Hillcrest Memorial Center 9353 W. Clearwater Avenue, Kennewick, WA. For online condolences visit [www.Askhillcrest.com](http://www.Askhillcrest.com)

### In Loving Memory of Kae L Griley-Head

September 18, 1942- July 10, 2019

Kae was Born in Fullerton, CA. to Lloyd Lecia Head & Anne Marie Dean. Preceded in her death was her parent's Brother Lloyd Wayne Head, Everett Leroy Head, Sister Becky Lorrane Head and Husband Jake C. Griley.

Kae and Jake were married 44 years Born to them was sons Lonnie Wayne, James Lee and a Daughter Tammy Lynn.

Kae leaves behind her Daughters Dee K. Hill of Christmas Valley, Oregon, Marie E. Kelly-Salvin (Harry) of Beaverton, OR., Her Grandchildren Tyler, Jessica, Shawna, Kaitlyn and Chad, Great granddaughter McKinley. She also leaves behind two black sheep children Mike V. LaPlante on Teresa Lane.

The family wishes to thank Partners in Care and the Hospice House for the their wonderful care. She will be missed by all who knew and loved her.

As per her request there will be no services and wants you to remember her as she was. She will forever be there to watch over us till we are reunited once more. Thank you Christmas Valley for allowing us to call it home. Any donations can be given to Children Hospitals or Shriners Hospital.

**Dorena Murphy Swilley**  
Jan. 5, 1966 - June 26, 2019

Celebration of Life for Dorena Murphy Swilley will be held August 3, 2019 from 1p.m. till 5:00p.m. at Flowerree Memorial Park located on Christmas Valley Highway in Christmas Valley, OR.  
(Potluck afterwards)

Please come and share your memories of Dorena with the family and friends!

We all will miss this extremely loved, vibrant dear lady who dearly loved Almighty God,  
Her family, friends and Christmas Valley even in standing up to help all the above and many in Great Need!

### ALKALI LAKE CHEMICAL DUMP MEETING

1000 Friends of Alkali Lake are meeting at the Christmas Valley Lodge August 7th at 6pm All are welcome and bring their feedback. Call 541-280-3581 for more Details

## PUBLIC NOTICE

### Oregon Department of Energy Announces \$1.25 Million in Grants for Renewable Energy Projects Across the State

SALEM — The Oregon Department of Energy announced today six recipients of \$1.25 million in Renewable Energy Development Grant funds. The RED Grant program supports Oregon businesses, nonprofits, and organizations investing in renewable energy systems that use biomass, solar, geothermal, hydroelectric, wind, landfill gas, biogas, wave, tidal, or ocean energy to produce electricity.

Earlier this year, ODOE announced \$2.75 million in available grant funds divided into two tiers for large and small renewable energy projects. ODOE received six applications for large solar projects (greater than 300 kilowatts), and the agency is able to award grant funding for all six, ranging from \$90,000 up to \$250,000. A \$250,000 grant will help fund a new utility-scale solar facility with battery storage near Christmas Valley in Lake County. A \$90,000 grant will support solar installations at housing communities serving lower-income families, older adults, and people with disabilities in La Grande. In Wallowa County, a \$250,000 grant will support a community solar installation that allows low- or moderate-income Oregonians, who may not otherwise be able to install their own solar arrays, to access renewable energy. Visit the Oregon Department of Energy's blog for a full list of selected projects.

Applications were scored based on a number of criteria, including amount of energy generated, job creation, community benefits, and more. Points were also awarded for projects that were designed with resilience in mind. Renewable systems that are capable of supplying electricity when the larger grid is unavailable – due to extreme weather or other emergencies – earned more points.

ODOE staff expect to announce the second round of grant awardees for projects smaller than 300 kilowatts later this summer. It will be the final set of awardees under the RED Grant program, which launched in 2012.

“The Oregon Department of Energy is proud to support projects that add renewable generation across Oregon,” said Director Janine Benner. “And we were pleased to see applications this year that will help expand access to renewable energy for low-income Oregonians and other underserved communities.”

After a technical review, ODOE will finalize performance agreements with the awardees. Funds are allocated after the project is completed and operational, and once all conditions of the performance agreements are met.

For more information about the Renewable Energy Development grant program, visit ODOE's website

## PUBLIC NOTICE

NOTICE IS HEREBY given that the Lake County Board of Commissioners will hold a public hearing Tuesday, August 13, 2019, at 1:30pm, in the Board of Commissioners Meeting Room, 513 Center Street, Lakeview Oregon, to receive public comment and testimony on the following appealed applications. Failure to raise an issue at the hearing or to provide sufficient specificity precludes your ability to appeal the decision. If you have needs requiring special arrangements, please call 541-947-6036 at least 24 hours prior to the meeting.

### APPEAL OF CONDITIONAL USE PERMIT APPLICATION NO. 19-028-CUP

Public Appeal Hearing concerning an appeal filed by Morehouse Solar LLC, represented by Elaine Albrich, Davis Wright Tremaine LLP, of the Planning Commissions' decision to deny the applicant's application to establish a Commercial Utility Facility (PV Solar) on up to 320.00 acres of Proposed Parcel B, described as: T26S R16E TL(TBD); approx. 11.5 miles northwest of Christmas Valley, 1 mile west off of N Oil Dri Road, in an A-2 Agriculture Use zone. A decision will be based on Articles 3 and 24 of the amended Lake County Zoning Ordinance of 1980, and the appeal will be reviewed in accordance with Article 30 of the amended Lake County Zoning Ordinance of 1980, and will review the criteria upon which the Conditional Use Permit was denied.

## CBD: Plant Medicine Part 1

I have been asked recently if I would do an article on C.B.D.. Since it is becoming a popular treatment for many ailments and has been proven to be safe.

Natural food stores and many other establishments are now offering capsules, tinctures, and salves. You may be “Canna Curious” and have questions about the health benefits of this non psychotropic medicinal as well as the different forms and delivery methods. Understanding how C.B.D. works and what’s available can point you toward a product that works best for your individual needs.

### WIDE- RANGING BENEFITS:

C.B.D, (Cannibals, is a compound found in the cannabis plant, but unlike THC, CBD is non psychoactive and non intoxication, hence there is no “high” associated with it, making it much more tolerable for a wider variety of people and the reason it has received so much attention lately!

FDA does not allow companies to make health claims about CBD products, but there is enough anecdotal evidence to suggest it can be a very effective, natural medicine. The Medical Board for California’s “Guidelines for the recommendation of Cannabis for medical purposes” names medical conditions including cancer, anorexia, AIDS, chronic pain, spasticity, arthritis, and migraines as conditions that respond well to cannabis treatments.

The reason CBD is so effective in treating such a wide range of conditions is that it acts as a regulator of the endocannabinol (EC) system, a communications system in the brain and body that plays a pivotal role in homeostasis. Homeostasis helps to regulate vital functions in the body like the immune, digestive, central nervous, and cardiovascular systems. The EC system plays an important role in body functions like sleep, perceptions of pain, metabolism, cognition, and pleasure, and CBD helps modulate these functions.

The list of conditions CBD may treat continues to grow, the list of the most anecdotal evidence is as follows:

### SLEEP:

CBD improves the quality of sleep by helping you fall asleep and stay asleep. While it’s been shown to assist people with sleeping disorders like insomnia, it also alleviates symptoms that disturb a good night’s sleep, such as anxiety, stress and restlessness.

Next Issue we will cover CBD and Pain Management

# ALKALI LAKE CHEMICAL DUMP

By Dalton D. Johnson III

litteredhouse@aol.com or jeanb@hdo.net

Nearly thirty years ago working as an Investigator for a Nation Newspaper I was assigned the task of determining if sixteen people, who all happen to live in the now ghost town of Alkali Lake, at approximately the same time. All sixteen people have been diagnosis with Multiply Myeloma (ML) who are all dead now, did indeed contract that death sentence from the chemical dump know as Alkali Lake.

American Medical Association stated that ML is directly related to what is buried in concentrated form, Agent Orange. Our living Veterans of the Vietnam War testifications has shown this to be true. Speaking to the Lake County Commissioner Brad Winters I was repeatedly told that "they had permission to store those chemicals, but the barrels started leaking". Internet...Alkali Lake chemsite. KOIN Channel 6...of the twenty six thousand fifty five gallon barrels you won't see two the same color. Notice the condition. These barrels were leaking when they arrived here. "They" had no intention of storage, but dumping. This was clearly a flagrant illegal act. The barrels don't even have a plug in the bungholes! The bottom of the pit is approximately twenty-five feet below the surface of a lake four months out of the year. The pits weren't dug level and the 1.2 million gallons pooled in the North end created an exit plume due to saturation pressure to move towards the center by the force of gravity where the hardpan is two and one half miles' thick, fissure-free. This plume of thirty-five hundred feet in length is running relatively level and up because oil floats on water. The bad news is that action is what causing the chemicals to leech into our environment from the pits. The oil is what giving these chemicals its ability to transmit by coating the Flora and Fauna and everything else and allowing time for the chemicals do their genetic damage not be washed off. Good News; the chemicals are being kept out of aquifers by the oil wanting to float to the top. The Water Moratorium in North Lake County needs to be lifted because it was based on fear and not science.

I eliminated seven of the original sixteen people I interviewed because they served in Vietnam and Agent Orange can rear its ugly head decades later. By State Law if your doctors say you have cancer they must report name, location etc. to the Oregon Disease Control (ODC). I personally delivered their medical exams to ODC and explained that their web site only says there are only two cases of ML in Lake County. Ninety-day follow-up I returned and asked why their website still only states of two cases of ML? REPLY "Those two were probably Vietnam Vets anyway". I reread the name of their agency in a different 'light'. My on-site inspection of the dump shows very little evidence of the actual site because the lake washes everything level in a seven by fifteen-mile circumference and exactly level. One thousand yards to the west lies Hutton Springs. Hutton Springs is about the size of a city block with extremely cold and clear water flowing up out of the ground floor forming a stream with endangered fish swimming around. This artesian spring is located in the North American Flyway and filled to the brim with canisters resembling large coffee cans. The cans above the waterline are extremely deteriorated due to the elements and the pelicans using these man-made islands to fish from. The canister below the waterline look intact as the ones the EPA is presently removing from Wallow Lake. How can fish live along with the most toxic substance known to man? Again, oil floats and for the second science fact about Alkali Lake; oil and water don't mix. Hutton Springs is the headwaters of the Klamath River Drainage which drains into Northern California and Southern Oregon. These chemicals have an estimated life-span of a thousand year plus. At the least build a weir and skim the oil off the top using the same skimmers the Road Departments use after a car accident.

The Super Fund Clean-up was a boon-doggle from the beginning and is bankrupt today. I live across the street from the VERY FIRST Super Fund Clean-up signed by President Nixon. Gas is still in the water and it's still being monitored.

DEQ Manager Robert Schwarz quote' the chemicals dissipate in the wind so they are no hazard as long as people stay away"

On July 15,2019 Attorney Foster Glass tediously answered a decades old question I've had on this dump; Why hasn't anything been done about this tragedy?

The property owners of the chemical dump known as Alkali Lake is the Department of Environmental Quality.

NO matter what the Fox says; under no circumstances do you allow him to guard the henhouse.

Prospector will return in October Next: Keeping cool heads and cleaning it up

For more information you may also call 530-279-2031 or use the above emails.

## Ruts to Roads

Ruts to Roads gives a great big shout out to the Lakeview BLM who were very helpful and encouraging throughout the permitting process. We now have a multi-year permit with a 5,000 cubic yard cap on gravel but—we go forward. Some of you were not overjoyed with the delay but we are spending your donated monies, so we were holding out for the best price. We will have to supplement the BLM permitted gravel with purchased gravel and we got a really good price with a shout out to Fritz Morrison!! Bottom line, Finally!! Ruts to Roads is taking the next step(s). While waiting for the prices on gravel, we weren't idle. We continued working on other aspects to include prioritizing roads in most need with those that gave as many people as possible 'a path'. All that considered--the first round of road 'work' [insert emergency repairs] will be Pinion, West Thorn, Maple Circle, and North Ivy. Again, we are trying to give as many people as possible—a path. Once that is done, we will see where we are on resources and consider the next steps. We are starting in Christmas Valley and working out. Let me regress a bit. We have heard people saying that we just hit up the businesses for quick money. DRUM ROLL--Total raised to date [July 20<sup>th</sup> 2019] is \$2,545.95 and our fund raising efforts include: local individuals giving \$581.25, non-local individuals giving \$425, out of area businesses giving \$1,050 (this includes the \$1,000 matching monies from Joe and Sarah Schmitt of Hang your Hat Properties), local business giving \$325, and the jar money at businesses around town collected \$164.70. SPECIAL NOTE: We are authorized 5,000 cubic yards of gravel in various rock pits with annual reports required. Only authorized persons (a very short list) can pull gravel using our permits; if you are not on the list you are not authorized!! To do so is illegal and you will be prosecuted. For those who are using other than a grader on these roads...We understand a smooth road is a wonderful thing but some of these roads have been scraped down to the hard pan (or lower) so the road is below grade, the ditches are gone, and water is trapped on the road. Please do what you can to pull the gravel back onto the road. Once we get gravel on these roads please do not use other than graders to work on roads. Lastly, please treat our roads nicely as the emergency work begins. The speed limit for our Christmas Valley roads is 35mph but slower is better. When you drive too fast spewing gravel off the road and across the bar ditch, that gravel cannot be recovered. This scenario hinders progress and is not acceptable. We have been offered use of a radar gun; it can be calibrated and used in court—please do not force our hand on this one. The We Can Foundation doing the roads was never a long-term solution. There is a community road meeting at the CV Community Hall on August 15th, at 6:30pm; come be part of the process and give us your input. One of the topics is consideration to form a road district.

## LETS GO FISHING

### Ana River

Conditions : Ana River: There have not been any recent fishing reports, but fishing should be good. Fish will be rising for flies midday as usual. Small beadhead flies will be the most effective, but small dry flies and leech patterns will work. Lure and bait fishing can also catch plenty of fish.

### Hood River

Conditions : HOOD RIVER: Glacial flour is contributing to low visibility in the Hood River. Anglers can expect a few summer steelhead in the lower Hood but fishing is likely slow. Reported by: Oregon D.F.W

### Crooked River

Conditions : CROOKED RIVER: Fishing has been fair. Recent sampling indicated a slight decrease, but still good numbers of trout averaging 10- to 12-inches with individuals up to 18-inches. Reported by: Oregon D.F.W

# LOOK WHAT'S COOKING

## Celebrate Nourishment

ADAPT, CREATE, INSPIRE BY CRYSTAL COULTER

### Watermelon Feta Salad

#### Ingredient List:

8 lb. whole seedless watermelon, chilled (about 12 cups of cubed fruit)  
¼ cup extra virgin olive oil  
3 whole limes, juiced  
1 ½ tsp sea salt  
¾ tsp black pepper  
1 cup fresh mint leaves, chopped  
1 ½ cups crumbled feta cheese

Find more recipes like this on [toriavey.com](http://toriavey.com)

#### Directions:

Cut rind from the watermelon and chop the fruit into 1 inch chunks. Drain chunks in a colander as your chop.  
In a small bowl, whisk together olive oil, fresh lime juice, salt, and black pepper to create a dressing.  
Place watermelon in a large salad bowl. Pour dressing and chopped mint over the watermelon and toss gently to coat. Crumbled feta into the salad bowl and stir gently to integrate the cheese into the salad.  
Best made just prior to serving.

### Black Bean Enchiladas

#### Ingredient List

8 oz. cream cheese  
8 oz. Mexican style blend cheese  
15 oz. Black Beans  
2 - 15 oz. cans Diced tomatoes  
3 oz. Tomato paste  
7 oz. Diced green chillies  
4 Garlic cloves, diced  
1 LG Onion, diced  
3 Tbsp. Olive Oil  
1 tsp. Oregano  
1 tsp. Cumin  
1-2 Bay leaf  
Flour Tortillas

Preheat oven to 350°

**Fill:** Drain and rinse black beans in a colander, place in a pan with a ½ cup of onion, 1 diced clove garlic, and spices (remove bay leaf before preparing wraps). Drain juice from one can of diced tomatoes and add to the pan, reserve tomatoes for the sauce. Bring to a simmer while you prepare the sauce and stir gently as needed.  
**Sauce:** In a medium pan, over Medium-Low heat add olive oil, onions, and 3 diced garlic cloves, reduce for 5 minutes, then add the diced tomatoes, chillies, and tomato paste, blend together. Simmer for 15 minutes  
**Combine:** Place ¼ of the sauce in a 13x9 pan, prepare the wraps - Place cream cheese and a scoop of black bean mixture in a flour tortilla and fold. Place seam down in pan and repeat until all shells have been filled (Approx. 8 wraps), top with remaining sauce and cheese. Bake for 20-25 minutes. Serve.

### Mexican Street Corn

#### Ingredient List

1 Tbsp Unsalted butter  
4 Ears of corn, shucked and kernels removed.  
2 Tbsp Mayo  
3 oz. Cotija cheese, grated  
½ tsp. Smoked paprika  
1 Green onion stock, finely chopped  
Few stocks of Parsley, chopped  
Salt and Pepper, to taste

#### Directions:

In a cast iron skillet, melt butter over medium-high heat then add the corn kernels. Spread in an even layer and cook for 10-15 minutes, or until exterior is charred/browned, stirring frequently (kernels pop while heating so use caution). Once charred/browned, place into a large bowl then mix in mayo, cotija, paprika, green onions, parsley, salt, and pepper. Serve.

### SUICIDE WARNING SIGNS

These signs may mean someone is at risk for suicide. Risk is greater if a behavior is new or has increased and if it seems related to a painful event, loss, or change.

- Talking about wanting to die or to kill oneself.
- Looking for a way to kill oneself, such as searching online or buying a gun.
- Talking about feeling hopeless or having no reason to live.
- Talking about feeling trapped or in unbearable pain.
- Talking about being a burden to others.
- Increasing the use of alcohol or drugs.
- Acting anxious, agitated or behaving recklessly.
- Sleeping too little or too much.
- Withdrawing or feeling isolated.
- Showing rage or talking about seeking revenge.
- Displaying extreme mood swings.

Suicide Is Preventable. Call the Lifeline at:  
**1-800-273-TALK (8255).**

## Mommy & Me Group

*Submitted*

Do you have a little one, age birth to three years old, who doesn't meet the requirements for Preschool on Tuesdays? You and your child are invited to join Mrs. Anthony on the first and third Thursdays of each month from 10:00 a.m. - 11:30 a.m. at the North Lake School annex building for a **Mommy and Me Play Group**. "We will be exploring our world around us through music, movement, and sensory play," says Mrs. Anthony. "We will also be doing **Make and Take** activities once a month that you can do with your kiddos at home."

If you have questions, please call Mrs. Anthony at 503-351-7855.
