Veteran's Day is a tribute to military veterans who have served in the U.S. Armed Forces.

Originating in 1919 when President Woodrow Wilson marked a year since the end of the First World War, the day coincides with other days of remembrance around the world including Armistice Day in the United Kingdom & Remembrance Day across the Commonwealth of Nations. Not to be confused with Memorial Day, which honors those who died while in service.

Veterans Day honors all military veterans, including the living.

**DESERT WHISPERS**

Next Desert Whispers DEADLINE  
**7 DAYS PRIOR**  
at 2:00 p.m.

## DESERT WHISPERS

The intent of *DESERT WHISPERS* is to publish a variety of information from all aspects of life in North Lake County. We neither support nor condemn any ideas, creed, religion, custom, attitude, belief or law. Opinions expressed are not necessarily the opinions of the Christmas Valley Park & Recreation District Board members, staff, personnel or advertisers. The Christmas Valley Park & Recreation District is not responsible for errors in articles and/or ads submitted to be published without change. The Christmas Valley Park & Recreation District Board of Directors reserves the right to reject any submitted material for any reason.

*DESERT WHISPERS* welcomes letters to the Editor. Letters should be printed or written clearly. Each letter **must be signed**. *DESERT WHISPERS* reserves the right to condense long letters or to edit for content. We will avoid this whenever possible. *DESERT WHISPERS* reserves the right to judge the acceptability of a letter in regards to vulgarities, profanities, or slanderous content.

Deadlines for *DESERT WHISPERS* are at least seven (7) Days before issue dates of the 1st and 15th of each month. Please have your ad or article to the *DESERT WHISPERS* office BEFORE the published deadline. If the ad or article is NOT received by 2 pm on the deadline, it may not make it into that issue. Ads and articles can be received by mail, by e-mail, or dropped off at the office.

- The Editor

## Renting the Christmas Valley Community Hall

*Park and Rec*

The Christmas Valley Community Hall, located at 87345 Holly Lane, in Christmas Valley, is available for rent.

A refundable cleaning/damage deposit of \$50 is required for the rental of the building. The deposit will be returned if the building is left in the same (or better) condition as you found it.

At the conclusion of your event, if the heater in the main area of the hall is not turned down to 52° (as the instructions posted state), you will be billed \$9.00/hr for fuel, until the setting is corrected.

Call for availability:  
541-576-2216.

**WINTER IS NEAR!**

Little fish in the pond, jumping for flies,  
Big fish in the bottom, that's where he lies.

Ducks near the pond, primping their feathers for flight,  
They will head south, when the time is right.

Chipmunk gathering nuts, as he scurries about,  
He looks funny, with his cheeks puffed out.

Eagle gathering sticks for a nest up high,  
He looks so pretty, up in the sky.

Deer in the meadows, eating as they can,  
Keeping weary eye out for the hunting man.

Bears eating berries, looking up now and then,  
Searching for a place to make their den.

All mother rabbits are pulling fur for a nest,  
To keep her babies warm, she will do her best.

Man cutting wood, to keep them warm,  
Woman in the kitchen, putting up peas, carrots & corn.

Children at the clothes line, beating on a rug,  
Chickens in the garden, looking for a bug.

Kids running around, jumping with glee,  
Snow is coming soon, so they could ski.

HAVE A NICE WINTER!  
It's 86 \* today!

**PUBLIC NOTICE****Christmas Valley Fire Department Update**

Thank you for all who attended our special meeting on October 30th. As requested here is an update to the meeting conclusion. After many hours of input and consideration the board of directors chose to promote the highest officer with the most relevant credentials and certifications, this decision will make Chris Wade our chief. Chris has served the community in the past in this capacity, and has agreed to do so again.

Again thank you for the amazing turn out at the meeting, we look forward to similar in the future. Our regular meetings are on the 3rd Monday of the month at 7pm in the fire station.

**Dear Christmas Valley and Fort Rock Community,**

We would like to give a big "Thank You" to the person or persons that made it possible for funding our Kids room painting project, with some to spare. Plus to the teens that helped move the shelves, the prep work for painting. Plus the ones that helped paint, books and the new shelving. Finally the ones that helped with re-shelving the books. It looks great! Thank you again to all of you that made it possible.

Now with the extra funds we are keep going. The hallway and bathroom are next. Dates and times will be set some time soon.

Thank You again,  
Rose Gibson Sub Asst. Librarian

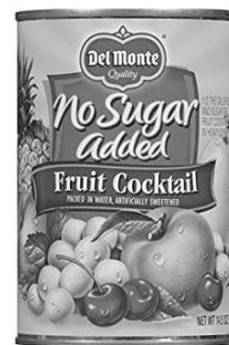

**Food Drive & Food for Fines****Nov. 1 – 30<sup>th</sup>, 2019**

Make a donation to your local food share at your local library in November.

Every donation reduces your library fines!

Food Shares are especially in need of:

- Canned fruits
- Canned vegetables
- Items for Thanksgiving, Christmas, and Easter dinners: Boxed stuffing, mashed potatoes, Jello, cake mix
- Cash and check donations to purchase meat

Lake County Libraries  
Enriching every person

## Cupping in Massage Practice

Submitted by: Shawn Lavallee

Cupping is the use of suction through the drawing out of oxygen in different size glass, silicone or plastic cups. The suction lifts the soft tissue creating space and loosening of the tissue. This creates a warming response and encourages movement and flow within the body. It frees up the stagnation of blood, lymph and Qi (Chinese for life-force or energy) in the body. It helps loosen adhesions, bringing hydration and blood flow to body tissues and drain toxins by opening lymphatic pathways. It helps to boost immune system, improve range of motion in joints, decrease scar tissue post surgery or injury, increase flexibility and release chronic aching pain patterns.

Early records of cupping date back as far as 28 A.D. where the use of hollowed out animal horns drained out toxins in snake bites and skin lesions. The Chinese used bamboo cups to aid in the treatment of tuberculosis, Egyptians used pottery cupping for fever, pain and vertigo. European and American doctors eventually used glass cups in the 1800's. In the 1940's new cupping sets were introduced using vacuums and carried by medical supply companies.

Today it is still widely used in Acupuncture and just recently became more recognized within Massage Therapy as a form of myofascial release. The main goal bring to free up tissue and creating more pliability, which in turn helps to increase joint movement and overall flexibility.

## Letter to the Editor

10/10/2019

Commissioner James Williams,

This is what I heard. The eleven pits are five feet deep containing 1.2 million gallons of, according to DEQ Chief Swartz, quote "one molecule is enough to cause cancer". The picture he showed of the end view of the pit clearly shows the 26,000 crushed 55 gallon barrels are above the water line of ground level. The pits were covered with crushed rock for two feet thus covering the pits. Oil will float plus the sun heating up the rock and the buried metal would only enhance the transmission of these chemicals. After fifty years of washing there can't be a drop left but spread out in our northern end but how far? Swartz also stated, "I don't know of any cancer cluster around Alkali Lake" which is outright lie or incompetence. I personally handed him 12 years ago a list of 14 people living within 3 miles of his site who contacted Multiply Myeloma which is a death sentence. I personally handed their medical exams to the ODC. Still today their web site shows only 2 people here in Lake County that have contracted this cancer which is directly related to what is buried.

This is public land Commissioner, OUR LAND and WE THE PEOPLE need to bring in our own people, people who WE trust and evaluate the situation to understand the extent to the danger. Jesse Price's company has the expertise and testing equipment. His company is free from government influence. For everyone protection I feel Chris from Adel and his company along with his knowledge of chemicals who stated that sunlight breaks down the toxins the fastest way, accompany Mr. Price. The danger maybe past tense but how are WE to know.

Would you pass this letter to Chris and apologize for me for losing his info. Let's find money to pay these men and their companies even if it's temporary then send the bill to DEQ. There has to be a legal precedence for US to collect.

Respectfully Yours,  
Dalton Johnson

### The CV Boosters are making wreaths this year

We will be going out on Nov. 10<sup>th</sup> to gather greenery. There will be a sign-up sheet at the school for any students that need hours.

The wreath making will start on Nov. 11<sup>th</sup> at the Booster building. We will be set up at the Fort Rock Grange Holiday Bazaar on Nov. 16<sup>th</sup>.

We will have samples on display and will be taking orders.

If you have some free time and would be interested in helping with the wreaths, you are welcome to stop by.

## Making A Difference – Board Member Needed

TO OUR PATIENTS OF  
LA PINE COMMUNITY  
HEALTH CENTER

As a federally qualified health center, we are mandated to have board members who are patients of the health center. At this time we have one position that needs to be filled by a patient of our organization and we are looking for qualified candidates from this area to apply to participate on the board of directors for our organization.

The purpose of the Board per our federal manager, the Health Resource Services Administration (HRSA) states: "The Health Center must have a governing body which assumes full authority and oversight responsibility of the Health Center. The Board is legally responsible for ensuring that the health center is operating in accordance with applicable federal, state and local laws and regulations and is financially viable."

If you are interested in being a volunteer board member for our organization, please contact Courtney, Executive Assistant at [cignazzitto@lapinehealth.org](mailto:cignazzitto@lapinehealth.org) or call 541-876-2135. Courtney will provide answers to your questions and an application if you choose to apply.

Sincerely,  
Board of Directors  
La Pine Community Health  
Center

## PUBLIC SERVICE ANNOUNCEMENT

### Social Security scam robocalls top FTC phone scam reports, cost \$17 million so far in 2019

By Jason Knowles and Ann Pistone  
Friday, October 18, 2019

The number one phone scam being reported to the Federal Trade Commission are threats that your social security number is being suspended or your benefits are ending. The FTC said there are reported losses of \$17 million in just the first six months of 2019.

The robocalls sound like this: "There is a legal enforcement action filed on your social security number for criminal activity so when you get this message kindly return as soon as possible on our number that is 516...before we begin with a legal proceeding..."

MORE INFO FROM THE FTC: Government imposter scams top the list of reported frauds

The threatening calls, making you think your social security number and benefits at risk, are on the rise. One ABC7 Eyewitness news producer got a dozen in just one day.

"All your social benefits will be canceled until further clearance," another call said. "In case you feel this is due to an error you may connect with legal..."

Or you might be tricked into thinking your social security number is going away, as the calls claim "in case we did not hear from you, your social will be blocked permanently."

MORE INFO FROM THE FTC: Social Security is not trying to take your benefits

The FTC said it has 73,000 reports of complaints filed about social security impostors since January.

The scammers convince frightened victims to send money via wire transfer or gift cards. The con is that it's supposed to "re-activate" or "clear" a social security number from so-called "criminal activity."

The FTC advised to be suspicious of any call from a government agency asking for money or information, and never trust caller ID, which can be faked.

**Government agencies will never ask you to wire money or pay for anything with a gift card. When in doubt hang up and check with the real agency.**

## NATURAL HERBAL COUGH REMEDIES

With our weather changing so much lately, many people are getting the persistent cough, sore throat and colds. There are several herbs that can help.

“Tis the Season!” Cold, dry temperatures, low vitamin D levels, stagnant indoor air, wood fire smoke, and virulent germs create a prime time for viral respiratory irritations and infections. These cough remedies help ease symptoms and help you recuperate more quickly.

Over the counter remedies may ease the symptoms but not get to the underlying conditions as well as come with potential side effects. Simple natural and herbal remedies can be more useful.

### WILD CHERRY BARK:

(*P. serotina* and related *CHOKECHERRY* (*P. virginiana*) long used by NATIVE AMERICANS, for dry, irritated, hacking, and spastic coughs, when the lungs are tight and irritated from wood smoke or chronic (not acute) asthma, This pleasantly flavored bark tastes a bit like amaretto or maraschino cherries.

### HOREHOUND:

(*marrubium vulgare*) The leaves and aerial parts of this terribly, bitter mint - family herb works best in wet, mucous-y coughs. Horehound soothes irritation while thinning, moving and helping to expectorate mucus so your coughs are more productive yet subside. IT helps respiratory infections and allergies featuring thick mucous, such as post nasal drip. It is easy to grow at home if anyone is interested, I have local grown seed.

### HONEY:

Wet or dry honey helps with all coughs. IT coats and soothes dry irritates throats while thinning excessive mucous. IT can be used with herbs as a base for herbal extraction. Do not give honey to children under one year old due to risk of *clostridium botulinum* spores that may proliferate in the low - acid immature gut flora of infants intestines.

### MENTHOL AND PEPPERMINT:

(*Mentha piperita*) have anti - spasmodic and mucolytic properties, helping reduce the cough threshold.

I have put together a tea for winter before that has worked wonders on some. It consists of Yarrow, Horehound, Mullen, Horse Radish Root, Comfrey, Hyssop, Rose Hips and Mint. I also have herbal cough syrup with all these and honey. The results are great.

November, 2019

## North Lake Community Fireworks

### Community of North Lake!

How Many Fourth of July fireworks displays have you and/or your families enjoyed in Christmas Valley? Or did you think they needed improvement? Either way, we would like to present you with an opportunity to help us continue what you enjoyed, and/or to improve our performance!

The North Lake Community Fireworks team does our best to raise the funds necessary by January 1st to provide the entertainment that so many in the community enjoy on our nation's Independence Day, the 4th of July. We voluntarily participate in several fund raising events through out the year to generate the money that directly funds the order of fireworks for our display. Our waterparks, carnivals, and donation boxes have been very successful, and ALL of that money goes towards our order, but they alone are not enough to put on the display that the community has come to know and love. We depend to a great extent on charitable donations, and this year we need extra help!

Due the past years global economy, our cost to put on a show comparable to last year's has increased dramatically. Our goal is to secure \$10,000, but whatever we have is what we use to sign a contract for our display before January 1st, 2020. We still have quite a way to go to meet our goal this year. This is where you can help us, your community, and yourselves! It is a potential win, win, win!

The season to be giving and receiving gifts is right around the corner... and preparing for the tax season that comes immediately after this joyous time of the year! Great news! All donations to the North Lake Community Fireworks Fund are tax deductible. If you wish to give your whole community a gift AND have a direct impact on the coming year's fireworks display, why not help yourself with a receipt for a charitable donation to a non-profit organization? Give your donations now to take advantage of this deduction this coming tax season! And remember; every cent you donate goes directly to buying fireworks.

The community relies on us for the fireworks displays that remind us all of what Independence Day is all about, and we rely on the community to help us provide the funding that facilitates these displays. Our most memorable displays come from the support of those who can afford to give more monetary donations than they can afford to give their time, since none of the team or our volunteers are paid. So... you know you are getting your money's worth when you get to enjoy watching every cent of your donation go up in smoke!

Please consider making a donation to the North Lake Community Fireworks fund. Make checks payable to North Lake Community Fireworks Fund. Donations may be given to Patty Effingham at her office, Carrie Mace or Becky Widenoja at CV Market, Lloyd Mace at Robin's Equipment, or Jim Anderson or Ben Widenoja at Point S Tires. Please ensure we have an address to send your receipt to and specify if you need it by a specific date. We, and the community, thank you for your charity and support!

## **North Lake FFA Places First at District Soils Competition**

**By: Judah Koehler, North Lake Reporter**

On October 9th North Lake FFA competed in the Central Oregon District Soils contest in Culver. There was a total of 20 North Lake students competing in Beginning and Advanced Contests.

The Advanced team placed 1st, Culver took 2nd and Bend took 3rd. Justin Sharp had the top overall score of the contest and Ella Pierson had the second spot. Clayton Cooper had the 5th high individual score in the competition.

In the Beginning competition Tom Rudolf had the 3rd high individual score, Hannah Maielua was 4<sup>th</sup> and Tyler McAulay was fifth. As a team, North Lake place second getting edge out by Culver. Bend placed 3rd. Both teams will be competing at the State competition in Irrigon Oregon late in October.

The main objective of the Soils Career Development Event is to encourage students to explore soils and plant science career opportunities. Students learn how to describe key properties of soils horizons and to interpret them in terms of management practices—and to develop a sense of stewardship for the land. By learning and understanding important properties of the soil, students will be able to manage the soil wisely and make a number of important decisions about drainage, irrigation, crop selection and erosion control.

Students are required to calculate the slope and determine the soil texture, color and structure, identify mottles, course fragments, horizons and any “special features” like duripans, fragipans and tillage pans. The students then have to use that information to calculate the available water holding capacity, effective rooting depth, surface and subsoil permeability, water and wind erosion hazard, parent material, site position, internal drainage, drainage feasibility, most intensive crop for the site, erosion control practices, pH corrections and septic tank limitations.

# PUBLIC NOTICE

## Obsidian Solar Center

### Complete Application for Site Certificate and Public Informational Meeting

**Summary:**

Date Notice Issued: October 30, 2019

Proposal: Photovoltaic (PV) solar power generation facility providing a nominal generating capacity of approximately 400 megawatts. The facility may also include potential battery energy storage.

Location: North Lake County, approximately eight miles northwest of Christmas Valley and seven miles southeast of Fort Rock.

**Introduction:**

The Oregon Department of Energy (ODOE), staff to the Energy Facility Siting Council (EFSC), received an Application for Site Certificate from Obsidian Solar Center LLC, a subsidiary of Obsidian Renewables LLC, to construct and operate the Obsidian Solar Center. The proposed solar facility would be a photovoltaic (PV) solar power generation facility on approximately 3,921 acres, providing a nominal generating capacity of approximately 400 megawatts plus potential addition of battery energy storage. Under Oregon law, the applicant must obtain a site certificate from EFSC before constructing and operating the proposed facility. The applicant submitted a complete application on October 17, 2019.

A vicinity map of the proposed facility is included at the end of this notice. Specific locational maps can be found in Exhibit C of the application at: <https://www.oregon.gov/energy/facilities-safety/facilities/Pages/OSC.aspx> and on ODOE's online mapping tool at: <https://tinyurl.com/EFSCmap>

**Public Informational Meeting:**

**Date:** Thursday, November 14, 2019  
**Time:** 5:30 p.m. to 8:00 p.m.  
**Location:** North Lake School Gymnasium  
57566 Fort Rock Road  
Silver Lake, OR 97638

ODOE will hold a public informational meeting with the applicant to provide information about the proposed facility and the Energy Facility Siting Council review process. The informational meeting will include a presentation starting at 6 p.m. ODOE and applicant representatives will be available before and after the presentation to answer specific questions.

The public informational meeting is *not* a public hearing and will not include public testimony or on-the-record public comments. Opportunity for written or oral testimony will be provided at a later date – during the draft proposed order (DPO) public comment period and public hearing – following issuance of the DPO, as described below.

**Description of Proposed Facility:**

The proposed solar photovoltaic energy facility would occupy up to 3,921 acres and provide a nominal generating capacity of approximately 400 megawatts. The facility may also include battery energy storage capabilities.

The applicant is also seeking EFSC review and approval of related or supporting facilities associated with the energy facility, including: 34.5-kilovolt (kV) collection system, up to four collector substations approximately one acre each, approximately two miles of 115-kV gen-tie transmission line, one 115/500-kV step-up substation and transformer, up to two operations and maintenance buildings, access and service roads and gates, temporary staging areas, and an approximately 18-mile perimeter fence. Related or supporting facilities associated with the proposed battery storage facilities would include steel-frame enclosures for batteries, cell stacks (where battery charge and discharge occurs), and Balance of Plant, which includes large polymer tanks, contained within the storage containers.

**EFSC Review Process:**

The site certificate process is a consolidated, comprehensive siting process. The applicant must demonstrate that the proposed facility meets EFSC Standards established under Oregon Revised Statute

(ORS) 469.501 and set forth in Oregon Administrative Rule (OAR) Chapters 345, Division 22 and 24, as well as all other applicable Oregon statutes, rules and standards. ODOE serves as staff to EFSC and conducts the application review process.

The proposed Obsidian Solar Center is an energy facility subject to EFSC jurisdiction under the definition in ORS 469.300(11)(a)(D)(iii). As such, the proposed facility must receive a site certificate from EFSC before construction can begin.

#### Upcoming Review Phases:

ODOE is currently preparing the draft proposed order (DPO), which will include staff's analysis of the application, based on ODOE's review of the application as well as comments received from state agencies, Tribal governments, and the Lake County government. If the DPO recommends approval of the facility, the DPO would include recommended conditions of approval for EFSC's consideration.

Following issuance of the DPO, ODOE will open a public comment period and EFSC will conduct a public hearing in the vicinity of the proposed facility. At that time, to preserve your right to participate in the contested case proceeding and any subsequently appeal of EFSC's decision, you must comment during the public comment period on the DPO, either orally at the public hearing or in writing during the comment period. ODOE anticipates issuing the DPO in late 2019. The Department will issue notice of the public hearing and comment period when it issues the DPO. As described above, the November 2019 public informational meeting is *not* a public hearing.

For more information on EFSC standards, please visit: <http://www.oregon.gov/energy/facilities-safety/facilities/Pages/Siting-Standards.aspx>

#### Receipt of this Notice:

Please note that you may be receiving this notice for multiple reasons:

1. You own property within or adjacent to (within 500 feet) the site boundary. You will automatically receive all future EFSC notices for this facility.
2. You have previously signed up via GovDelivery to receive email notices related to the Obsidian Solar Center or all EFSC

project-related notices. You will automatically receive all future email notices per your GovDelivery choices, unless you unsubscribe via GovDelivery.

3. If you are the owner of real property normally used for sleeping, or normally used as schools, churches, hospitals, or public libraries within one half mile from the site boundary (noise sensitive property), you will receive this notice as a courtesy, however not required by rule.

#### More Information:

Please contact Kellen Tardaewether, Senior Siting Analyst, at the email address or mailing address listed below.

Kellen Tardaewether, Senior Siting Analyst  
Oregon Department of Energy  
550 Capitol St N.E.  
Salem, OR 97301  
Phone: (503) 373-0214  
Email: [Kellen.Tardaewether@oregon.gov](mailto:Kellen.Tardaewether@oregon.gov)

More information about the facility and updates on the review process is available using any of the following options.

#### 1) Oregon Department of Energy's webpage:

The application for site certificate and additional details regarding the proposed Obsidian Solar Center facility is available online at:

<https://www.oregon.gov/energy/facilities-safety/facilities/Pages/OSC.aspx>

Additional resources to help you participate in the state siting process can be found at:

<http://www.oregon.gov/energy/facilities-safety/facilities/pages/default.aspx>

#### 2) Updates by email/mail:

Subscribe to GovDelivery, a self-managed, automated email system that sends notices and updates on the Obsidian Solar Center as well as any or all other energy facilities and events under EFSC jurisdiction. For more information, please visit: <http://tinyurl.com/EFSC-email>. To receive notices by U.S. Mail, please contact Kellen Tardaewether.

#### 3) In hardcopy:

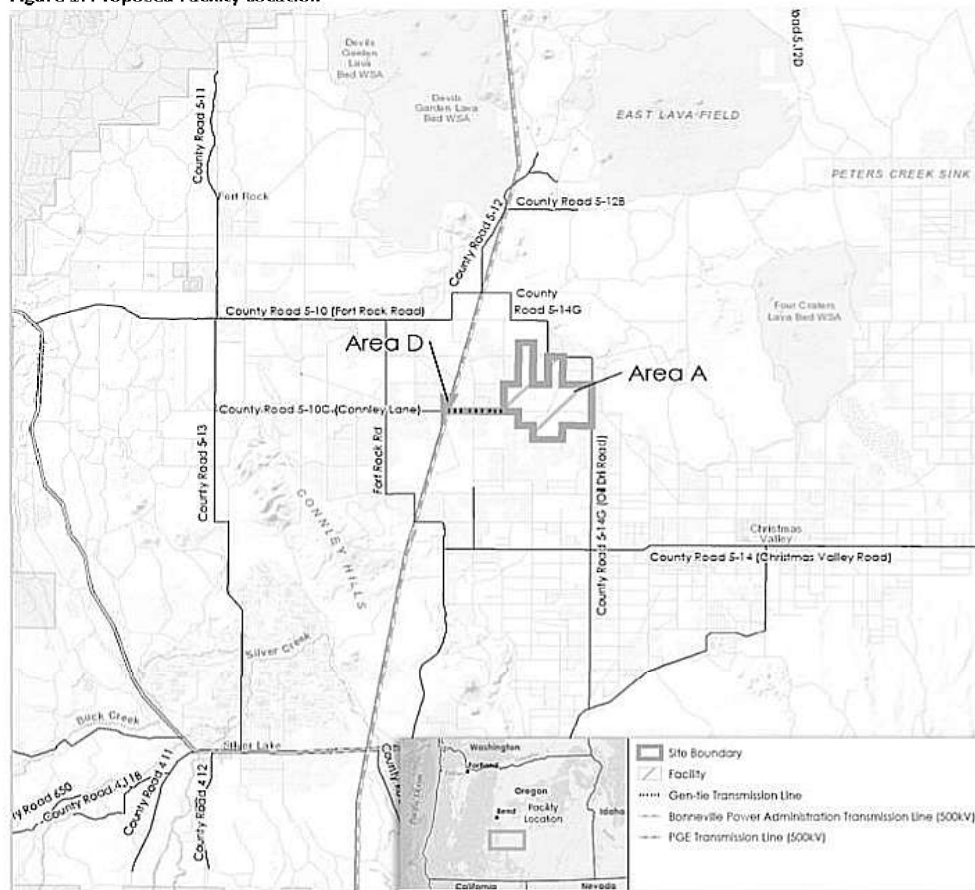

Hard copies of the proposed Obsidian Solar Center Application for Site Certificate are available for public inspection at:

Oregon Department of Energy  
550 Capitol Street NE  
Salem, OR 97301

#### Accessibility information:

The Oregon Department of Energy is committed to accommodating people with disabilities. For the review of the application or attendance at any of the information meetings, if you require any special physical or language accommodations, or need information in an alternate format, please contact Michiko Mata at 503-378-3895, toll-free in Oregon at 800-221-8035, or email to [michiko.mata@oregon.gov](mailto:michiko.mata@oregon.gov). For any other accommodation needed to attend an informational meeting, please contact ODOE as soon as possible so we may provide the accommodation.

## Tree of Joy

Christmas is coming!!! Once again, the Christmas Valley Boosters are taking applications for the Tree of Joy for children from birth to 18 (if still in school) that reside full-time in the North Lake County area for families that may need a little help.

Forms can be picked up at the post offices in Christmas Valley, Silver Lake & Fort Rock and is due on November 22<sup>nd</sup>. If your family needs assistance, please fill out the form and return it to the Christmas Valley Boosters, PO Box 83, Christmas Valley, OR 97641 or drop at Oregon Country Realty. We will be contacting Santa's Helpers to sponsor a child, children, or family, whichever the Helpers choose. If you are interested in sponsoring a child, please call/text Shara at Oregon Country Realty (541) 480-6461. If you are a past sponsor or have never sponsored before and are interested in giving the greatest joy ever to a child, please call. Santa cannot do this alone!

If you are interested in helping out in any way for our Christmas projects (Tree of Joy, Children's Christmas Party in December, Wreaths, Canned Food Drive), please call us, stop by or attend a meeting (2<sup>nd</sup> Monday each month at 6:00pm) at the Christmas Valley Booster Building. Everyone is welcome; you can make a difference!

### SUICIDE WARNING SIGNS

These signs may mean someone is at risk for suicide. Risk is greater if a behavior is new or has increased and if it seems related to a painful event, loss, or change.

- Talking about wanting to die or to kill oneself.
- Looking for a way to kill oneself, such as searching online or buying a gun.
- Talking about feeling hopeless or having no reason to live.
- Talking about feeling trapped or in unbearable pain.
- Talking about being a burden to others.
- Increasing the use of alcohol or drugs.
- Acting anxious, agitated or behaving recklessly.
- Sleeping too little or too much.
- Withdrawing or feeling isolated.
- Showing rage or talking about seeking revenge.
- Displaying extreme mood swings.

Suicide Is Preventable. Call the Lifeline at:  
**1-800-273-TALK (8255).**

## Mommy & Me Group

*Submitted*

Do you have a little one, age birth to three years old, who doesn't meet the requirements for Preschool on Tuesdays? You and your child are invited to join Mrs. Anthony on the first and third Thursdays of each month from 10:00 a.m. - 11:30 a.m. at the North Lake School annex building for a **Mommy and Me Play Group**. "We will be exploring our world around us through music, movement, and sensory play," says Mrs. Anthony. "We will also be doing **Make and Take** activities once a month that you can do with your kiddos at home."

If you have questions, please call Mrs. Anthony at 503-351-7855.
