## North Lake Community Fireworks

### Community of North Lake!

How Many Fourth of July fireworks displays have you and/or your families enjoyed in Christmas Valley? Or did you think they needed improvement? Either way, we would like to present you with an opportunity to help us continue what you enjoyed, and/or to improve our performance!

The North Lake Community Fireworks team does our best to raise the funds necessary by January 1st to provide the entertainment that so many in the community enjoy on our nation's Independence Day, the 4th of July. We voluntarily participate in several fundraising events through out the year to generate the money that directly funds the order of fireworks for our display. Our waterparks, carnivals, and donation boxes have been very successful, and ALL of that money goes towards our order, but they alone are not enough to put on the display that the community has come to know and love. We depend to a great extent on charitable donations, and this year we need extra help!

Due the past years global economy, our cost to put on a show comparable to last year's has increased dramatically. Our goal is to secure \$10,000, but whatever we have is what we use to sign a contract for our display before January 1st, 2020. We still have quite a way to go to meet our goal this year. This is where you can help us, your community, and yourselves! It is a potential win, win, win!

## THE HEART

Adequate magnesium intake yields incredible results for cardiovascular health, producing a 58 percent lower chance of calcium deposits on arterial walls. As a crucial electrolyte, adequate intake reduces the risk of hypertension and regulates a normal heart rhythm.

## NEUROLOGICALLY

Magnesium protects the brain which makes it crucial for brain health. A strong, intact blood, brain barrier comes from adequate magnesium levels. Brain functions related to this mineral include the regulation of amyloid plaque, which protect the body from Alzheimer's disease. Studies show people with dementia and Alzheimer's have low blood levels of magnesium and are more prone to Parkinson's disease. Magnesium supplements can improve cognition and slow the progress of Alzheimer's. Magnesium has been shown to protect against brain swelling and lower instances of death after a stroke, as well as it facilitates spatial memory retention. The brain requires consistent magnesium levels for neurotransmitters to work effectively in the body. Neurotransmitter GABA requires magnesium in order to produce its calming effects. GABA can dominate the neurologic and keep the fear and anxiety neurotransmitter glutamate in check and help synthesize the neurotransmitter dopamine, which stimulates motivation and feeling of reward without high enough levels of dopamine, symptoms of apathy, agitation and depression tend to dominate one's mood. Magnesium aids in maintaining a positive mood by transforming the amino acid tryptophan in the mood - elevating neurotransmitter serotonin. Elders suffering from depression and type 2 diabetes were given magnesium glycinate with meals and at bed time showed mood improvement after 12 weeks.

## Next Issue will be Diabetes Deterrent

### North Lake Community Fireworks Continued

The season to be giving and receiving gifts is right around the corner... and preparing for the tax season that comes immediately after this joyous time of the year! Great news! All donations to the North Lake Community Fireworks Fund are tax deductible. If you wish to give your whole community a gift AND have a direct impact on the coming year's fireworks display, why not help yourself with a receipt for a charitable donation to a non-profit organization? Give your donations now to take advantage of this deduction this coming tax season! And remember; every cent you donate goes directly to buying fireworks.

The community relies on us for the fireworks displays that remind us all of what Independence Day is all about, and we rely on the community to help us provide the funding that facilitates these displays. Our most memorable displays come from the support of those who can afford to give more monetary donations than they can afford to give their time, since none of the team or our volunteers are paid. So... you know you are getting your money's worth when you get to enjoy watching every cent of your donation go up in smoke!

Please consider making a donation to the North Lake Community Fireworks fund. Make checks payable to North Lake Community Fireworks Fund. Donations may be given to Patty Effingham at her office, Erica Anderson at the Water Department office, Carrie Mace or Becky Widenoja at CV Market, Lloyd Mace at Robin's Equipment, or Jim Anderson or Ben Widenoja at Point S Tires. Please ensure we have an address to send your receipt to and specify if you need it by a specific date.

DOES YOUR DONATED MONEY GO UP IN SMOKE?

We, and the community, thank you for your charity and support!
