Freedom Isn't Free

Memorial Day is an American holiday, observed on the last Monday of May, honoring the men and women who died while serving in the U.S. military. Memorial Day 2020 occurs on Monday, May 25.

Originally known as Decoration Day, it originated in the years following the Civil War and became an official federal holiday in 1971. Many Americans observe Memorial Day by visiting cemeteries or memorials, holding family gatherings and participating in parades. Unofficially, it marks the beginning of the summer season.

Early Observances of Memorial Day

The Civil War, which ended in the spring of 1865, claimed more lives than any conflict in U.S. history and required the establishment of the country's first national cemeteries.

By the late 1860s, Americans in various towns and cities had begun holding spring-time tributes to these countless fallen soldiers, decorating their graves with flowers and reciting prayers.

Did you know? Each year on Memorial Day a national moment of remembrance takes place at 3:00 p.m. local time.

It is unclear where exactly this tradition originated; numerous different communities may have independently initiated the memorial gatherings. And some records show that one of the earliest Memorial Day commemoration was organized by a group of freed slaves in Charleston, South Carolina less than a month after the Confederacy surrendered in 1865. Nevertheless, in 1966 the federal government declared Waterloo, New York, the official birthplace of Memorial Day.

PUBLIC NOTICE

Monday May 11, the Lake County Fair Board held an 'Emergency/Special' meeting, along with representatives from the Round-Up Association; Market Sale Committee; 4-H and FFA to discuss 'where do we go from here with regards to the Covid-19 and the Governor's re-opening plan?' It was unanimously agreed by all parties, that we are moving forward with plans for the 2020 Fair & Round-Up. While it was announced in the Governor's re-opening plan that fairs would not be allowed through at least September; remember that this is a 'fluid' plan and changes to the plan, have occurred and will likely continue throughout this unprecedented process. We will continue to monitor and be in contact with local health officials and our County Commissioners to work towards a plan that allows us to hold the 2020 Lake County Fair & Round-Up. Behind the scenes, the Fair Board, Round-Up Association, Market Sales Committee, 4-H, FFA and the Destruction Derby are all working on creating a "Plan B" scenario in hopes that the 'show will go on.' Fair may be different, and sometimes 'change' has a way of bringing something good to the table. Our county and communities are strong and we will find a way through this together. This group will meet again during mid-summer to re-evaluate the plan. While we will adhere to the Governor's guidelines, for now it's full steam ahead for the 2020 Lake County Fair & Round-Up!!

Zucchini Pie

| | |
|---|--|
| Ingredients ½ cup canola oil 4 eggs 1 cup Bisquick ½ cup Parmesan cheese ½ cup shredded Cheddar cheese 1 small sweet onion, diced 3 cups zucchini, sliced very thin | Instructions Preheat the oven to 350°F (180°C). Spray a 9-inch pie plate with cooking spray and set aside. Combine all ingredients in a large bowl. Pour into the prepared dish. Bake for 40-45 minutes, or until cooked through and golden brown. |

Baked Custard

| | |
|--|--|
| Ingredients 4 large eggs ½ cup Monk Fruit Sweetener ½ tsp salt 1 tsp vanilla extract 4 cups 2% milk ½ tsp ground nutmeg Instructions Preheat the oven to 350 degrees. In a medium-size bowl, beat the eggs on medium-low speed for 30 seconds. Add the sugar, salt and vanilla. Whisk gently until mixed. Pour the milk into a microwave-safe bowl and heat in 1 minute increments until the temperature of the milk reaches 180 degrees. Stir between each time interval to distribute the heat. Depending on the bowl and microwave you use, this will take about 5 minutes. Be sure not to let the milk boil. Remove 1 cup of the heated milk and slowly drizzle it into the egg mixture, | whisking the eggs quickly the entire time. Slowly pour the remainder of the milk over the egg mixture, whisking constantly. Beat with a hand mixer for 20-30 seconds. Pour the custard into 10 6-ounce ramekins, dividing equally between the cups (no need to grease the ramekins). Place the ramekins in a 10x15" baking pan with sides about as tall as the ramekins. Sprinkle nutmeg over top the custard. Heat about 10 cups of water, not quite to a boiling but very hot, on the stovetop or in the microwave. Pour the hot water into the pan around the ramekins, being careful not to get any of the water into the custard itself. Carefully place the pan into the preheated oven and bake for 35-40 minutes. The exact time may depend on the size and shape of the ramekins you use. The custard is done when you insert a knife into the center of a cup and it comes out clean. Serve warm or cold. Refrigerate any leftovers. |

Saying Thank You Never Hurts

It's easy to focus on what you can't do while you're stuck at home these days. But here's something you can do: Show thanks to the essential workers in your life.

Health care professionals, grocery store employees, first responders, mail carriers and many others are still going to work every day. They're risking their health to help our community.

We might not be able to spend time together in person, but we can still be there for our friends and neighbors.

So from our family to yours
Thank you for watching over us
every day of the week and all
ours of the night.

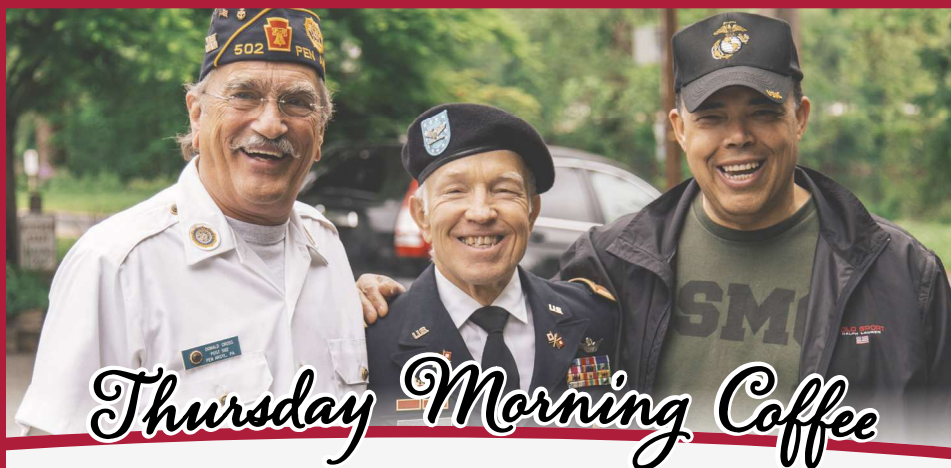

Everyone deserves quality hospice care!

Heart 'n Home believes it is our responsibility to compassionately care for ALL seriously ill individuals. We continue to serve existing and new patients and have created a Rapid Response Team that is dedicated to those with COVID-19.

Stronger together! We can help!

We manage your illness at home instead of at the hospital.

It's Not Goodbye it's See You Later

As most of you have read on facebook I am leaving my job here at Park and Recreation. This was not easy for me to do, but I have so much I want to do. My husband of over 30 years and myself are going to travel a bit and see things that we never made time for in the past. I will admit that I will miss my work and the people of this community. Thank you for you kind words and know this is not good bye, it's a see you later kind of thing. I will take you all with me as I travel to different places, that is if they are open to the public as we arrive. I will be sure to check in on Facebook and I will stay in touch.

Please show the person who replaces me the same respect that you have shared with me. I will be watching on facebook as well so that I can keep up on the news for our area and I will be cheering on the board here as they make progress on things to come. I wish you all the best.

To the kids that send me e-mail with photos, don't stop sending them and remember to always follow your dreams.

Lisa

Burning Request

Please call in any burn bigger than a burn barrel. You can call the CVRFPD to check for burn restrictions 541-480-3979.

For anything bigger than a burn barrel please call dispatch at 541-947-2504, for a burn permit. This notifies the fire department and dispatch of where fires are and that they do not need to come put it out.

It is going to be an early and busy fire season and it is beneficial not to have to chase down these controlled burns.

Burning restrictions will soon be in place, so please remember to always call in.

Most Lake County teens recognize that taking a prescription drug not meant for them is wrong.

But almost half think having 1 or 2 alcohol drinks a day is not.

WHERE ARE THEY GETTING THIS MESSAGE?

Model adult choices responsibly and speak up for zero tolerance for underage drinking.

Because if we don't say it, they won't get it.

PUBLIC NOTICE

ATTENTION

Public Hearing on Draft Proposal Order and request for comments concerning Obsidian Solar Center Local group requesting support to help fight off 3,921 acre Obsidian Solar Center located northwest of Christmas Valley on North Oil Dri Rd. Objections are needed in either oral or written form. If we let big solar in they won't stop until they have secured all available land. Our town cannot handle the 500+ employees predicted to construct the site and construction said to take between 2-7 years. Our county roads will not stand up to the added heavy traffic.

Stripping off the land of natural needed ground cover in order to install millions of solar panels will create choking wind and sand blows in our community. Neighboring farm's crops will be covered in dust and sand and be worthless to buyers.

Wildlife in the area will be affected. Eagle feeding grounds will be destroyed when their prey leave the area. Proposed Solar Center will be placed in the middle of the elk's primary migration route from winter range to the Conley Hills forcing migration directly through planted farmland. The amount of rodents and rabbits that will be forced out of their habitat will, out of necessity, feed on the farmers' fields.

The natural view of the land will be gone leaving a permanent eyesore. The 400 megawatt facility will create unprecedented amounts of light pollution. It is happening to those of us on Oil Dri and it can happen to you!

Staff- Tree Gamily - Celastraceae

From the air, the upland hill of Ethiopia's Harar Province look like an immense, carpeted staircase to the sky. Closer in spection reveals the textured carpet that cover the vast steps to be made up of undulation rows of small, leafy trees. In bloom, the trees little white flower seem to dust the landscape like a light snowfall. But this is not the reason that the African evergreen has sometimes been called the flower of paradise. It has earned the idyllic name by virtue of the effect its leaves have on people.

The trees are generally called chat (also spelled khat, Kat or Qat), although they may grow 20 to 50 feet high in the wild they are kept in a shrub like state, no higher than 10 feet in cultivation so that the upper leaves can be easily reached and harvested.

For hundreds of years, perhaps much longer, the farmers of the region have taken bunches of the leaves to chew as they worked. They would chew these quids for about 10 minutes, swallowing the juice, the juice as it accumulated and finally swallowing the leaves themselves. The effect are much the same as those of the coca leaves chewed by South American Indians: increased alertness, relief from hunger and fatigue, mild euphoria.

(chat) The substance that has this effect a boon to farmers who must labor under difficult conditions from dawn till dark is a stimulant to the central nervous system known by the jaw breaking name D-Norpseudoephedrine.

Although Western scientists warn that insufficient research has been preformed to determine the substance's medicinal value, if any, its use is on the increase in Africa.

In Ethiopia, the major exporter of chat, the upper branches of the tree are harvested and wrapped in protective banana leaves, then shipped by air to nearby countries. Time is of the essence; the active ingredient loses much of its potency with in three days. While some of the leaves are chewed, most are brewed with water and honey to make Arabian tea, an important beverage among Arab peoples.

Sheriff's Report

May 6th, Deputies responded to Gifts "N" More in Christmas Valley regarding someone dumping their garbage in the dumpster at night which has been an ongoing problem. The owner provided a video recording that captured a Chevrolet Tahoe, light in color, drive up to his dumpster. The driver and passenger both got out of the vehicle, both tossing four large garbage bags of trash into the dumpster. The suspects were contacted and admitted to throwing the trash in the dumpster the night before. The suspect was issued a citation in lieu of custody for theft of services.

May 7th, Deputies responded to the 1000 block of S. G Street regarding a domestic altercation. Upon arrival both the male and female were contacted along with three independent witnesses. The investigation revealed that the female half and a friend arrived at her estranged boyfriend's house to retrieve her belongings. The female's friend knocked on the door but didn't get an answer. The friend forced the door in and began choking the occupant of the house. The resident attempted to defend himself until the police arrived. The friend of the female was consequently arrested for Criminal Mischief and Strangulation, transported to the Lake County Correction's Facility and booked.

Policy: Animals on Park and Rec Properties

Christmas Valley Park and Rec

Christmas Valley Park and Recreation District has adopted a policy concerning pets/animals on Park and Rec properties. This policy is an attempt to keep our facilities an enjoyable place for all users.

When on Christmas Valley Park and Recreation property (including the Rodeo Grounds, Golf Course, Play Area, etc.) all domestic animals, whether pets livestock, or other, must be leashed and/or under the direct control and supervision of their owner/handler.

Horses are not allowed on the Golf Course at any time- EVER!

Any defecation (poop) from the animal must be cleaned up immediately by the owner/handler. Individuals failing to comply with this policy will be asked to leave Park and Rec property. Animals freely roaming, with no apparent owner/handler in the area may be treated as strays. The proper authorities will then be contacted.

And PLEASE, keep off the Golf Course while the ground is frozen... Especially the greens.
Thank You!
