Help Fill a Local Need: Volunteer Your Time

Find something in your community that suits you. This community primarily functions through volunteers. We have many new community members and this community can benefit from a little bit of your time. The many new community members tax the already over stretched, long standing volunteers that oil the works of the under supported needs of the north end communities.

If you have questions of how you can help feel free to contact me, Glenna Wade, via Facebook [glennasonly] and I can help you find an activity that suits you.

RE: Application pending before the Lake County Planning Commission

NOTICE TO MORTGAGEE, LIENHOLDER, VENDOR OR SELLER: OREGON REVISED STATUE 215 REQUIRES THAT IF YOU RECEIVE THIS NOTICE, IT MUST PROMPTLY BE FORWARDED TO THE PURCHASER.

Sir/Madam,

As an adjacent property owner, the attached notice of public hearing provides information regarding an application before the Lake County Planning Commission, its purpose and location, in which you may be interested.

Due to COVID-19 and the Courthouse being closed off to the Public, a copy of the application and applicable criteria is not available for review at the County Planning Office, Lake County Courthouse, 513 Center Street, Lakeview, Oregon 97630; however, copy of the application and applicable criteria is available upon request by email at djohnson@co.lake.or.us or by copying and mailing costs of approximately \$5.00.

Public hearing procedure offers an opportunity for testimony in favor, neutrality or in opposition to the proposal. The Lake County Planning Commission reserves the right to establish a reasonable testimony time to include cross-examination and rebuttal. Oral testimony will be received at the time of the hearing by phone call-in only and written testimony received prior to or at the hearing will be considered. In either case, your testimony must address criteria applicable to the application as described in this notice and other criteria in the County's Comprehensive Plan, Zoning Ordinance or Land Development Ordinance, which you believe apply to the decision.

Failure to raise an issue at the hearing or to provide sufficient specificity precludes your ability to appeal the decision to the Board of Commissioners. Should you have further questions or concerns on this matter, please call me at 541-947-6036 or email djohnson@co.lake.or.us.

Thursday Morning Coffee

POSTPONED

We love and support our Veterans and first responders, but for the time being we will be postponing our free coffee event.

Once the Coronavirus restrictions are lifted, we will again hold Thursday Morning Coffee.

We want you to stay safe, stay home, & stay healthy.

Lakeside Employees Amy and Alannah playing it safe at work here in Christmas Valley. Way to go girls keep up the good work.

KEEP UP THE GOOD WORK AND STAY HEALTHY, LAKE COUNTY!

La Pine Community Health Center in Christmas Valley is thankful for the efforts and commitment of the residents and visitors of North Lake County to staying healthy! We would also like to thank all of the local retailers who are helping to keep the community healthy by implementing safety measures such as the use of masks, gloves, barriers and restricted access. Your commitment to this community truly shows. We encourage the local seamstresses who are making masks to check with first responders (Sheriff's department EMS and Fire) and local retailers to make sure that they have the protective gear that they need to continue to serve the community.

To further support your efforts in staying healthy, our health center, located in the North Lake Health District Medical Center, continues to be open and ready to provide primary care for you and your families, along with all of our other services. We also have a triage area set up for patients who are experiencing symptoms such as cough, fever or shortness of breath. Symptomatic patients will be assessed at the Northeast area of the parking lot and then taken into an exam room through the ambulance entrance to help reduce the risk of virus exposure. PLEASE CALL BEFORE coming to the health center so we can let you know the appropriate entrance to come to.

If we all continue to practice social-distancing protocols and continue to wear masks when we must be out in public, it will help reduce the risk of a local outbreak and support those among us with underlying complex medical conditions and suppressed immune systems. Together, we will get through this. It takes all of us working together in support of one another. Thank you for doing your part!

Fort Rock Grange Cancels Spring Events

The increasing spread of COVID-19, evolving state mandates, and concerns about the health of our community, has caused the Fort Rock Grange to **cancel** the BBQ Beef Dinner and Pie Auction on Saturday, April 25, 2020

The Grange thanks you for your past support of these events, and wishes every person in North Lake County, a healthy and safe spring.

EXOTIC PLANTS

CAMPHOR TREE: *Cinnamomum camphora* (L.) J.S Presl

Laurel Family LAURACEAE

The Fragrant wood of the camphor tree has traveled the world over in the form of finely wrought sailors' chests. Strong and durable, resistant to the ravages of salt air, repellent to moths, and immune to the attacks of most insects, the wood has protected the clothes of many a seaman. It's most important constituent in this regards is a chemical known as 2 - bornanone. Better known as camphor, this chemical is a potent moth repellent.

The camphor tree is native to eastern Asia. Standing up to 100 feet, spreading equally as wide, and filling the air with sweet fragrance during the flowering season, it lives in terrain between 4,000 and 7,000 feet above sea level. In cultivation, they are not so impressive. Grown for their leathery leaves rather than their durable wood, they are kept pruned to 5 or 6 feet tall. The aromatic leaves are harvested three or four times a year, and the oil is extracted and distilled into colorless camphor crystals shipped all over the world.

Camphor extraction has been going on in the Orient for over 1,000 years, but only in the past century have the leaves been the main source. Previously the trunks, roots and branches of 70 to 80 year old trees were chopped and steam distilled. But world demand surged in the 19th century, when camphor came to be regarded as an all round no strum in Europe and the United States, and the supply of trees became depleted. Hence, more efficient methods were developed.

It was once a common practice to wear a little bag of camphor crystals around the neck to cure a cold or related illness. Camphor oil was freely applied to ease the pains of bruises, sprains, inflammations, gout, and rheumatic joints and it was taken internally to treat hysteria, epilepsy, and heart problems. The fumes were used to treat asthma, bronchitis, emphysema as well as other respiratory maladies.

Scientist found prolonged exposure to the fumes and ingestion of the camphor may cause poisoning hence, medical use in the United States is limited to lotions that relieve superficial pain and itching. White camphor oil has removed poison substance and in cough drops, candies, and soft drinks.

Non medical products using camphor are deodorants, disinfectants, explosives, insecticides, paint solvents, perfumes and soaps. Camphor wood is still available, but it is extremely expensive, if you wish to make a moth proof chest.

Policy: Animals on Park and Rec Properties

Christmas Valley Park and Rec

Christmas Valley Park and Recreation District has adopted a policy concerning pets/animals on Park and Rec properties. This policy is an attempt to keep our facilities an enjoyable place for all users.

When on Christmas Valley Park and Recreation property (including the Rodeo Grounds, Golf Course, Play Area, etc.) all domestic animals, whether pets livestock, or other, must be leashed and/or under the direct control and supervision of their owner/handler.

Horses are not allowed on the Golf Course at any time- EVER!

Any defecation (poop) from the animal must be cleaned up immediately by the owner/handler. Individuals failing to comply with this policy will be asked to leave Park and Rec property. Animals freely roaming, with no apparent owner/handler in the area may be treated as strays. The proper authorities will then be contacted.

And PLEASE, keep off the Golf Course while the ground is frozen... Especially the greens.
Thank You!
